

# TEAM 2 - COMS 4020 - Akhil Pallem

- **Features/Tasks Completed:**

- Connected Simulink front end
- Extracted Cameo files
- Developing Cameo loader into Neoj4 database

- **Currently Working On:**

- Gaining access to TWC (Teamwork Cloud) for actual data (coordinating with Scott)
- Implementing endpoints to load Cameo data from the database
- Link cameo requirements with Simulink

- **Issues/Roadblocks:**

- Limited access to onsite facility due to staff time off
- Coordinating with Joshua and others to gain facility access and retrieve data from TWC and set up credentials
